EDUCATION

B.Tech in Computer Science and Engineering, DIET
CGPA (upto 6th sem): 8.41/10

2022 – 2026

INTERNSHIPS

- **Infotact Solutions** (Python Developer Intern) May 2025 – August 2025
 - Built a File Organizer using OS, Shutil, Datetime with logging.
 -  GitHub Link
 - Developed an Amazon Price Tracker (BeautifulSoup, HTMLParser, SMTP).
 -  GitHub Link
- **Infosys Springboard 5.0** (AI/ML Intern) Dec 2024 – Jan 2025
 - Developed and deployed a CNN-based Plant Disease Prediction System (**92%** accuracy) with a Flask web interface.
 - Built NLP-driven chatbot for disease prevention/treatment.
 - *Tech: Python, TensorFlow, Keras, OpenCV, Flask, NLP*
 -  GitHub Link

PROJECTS

- **Health-Intelligence-Agent**  GitHub Link
 - Built an agent-based AI system for medical report analysis using a multi-model LLM cascade with fallback logic. Enabled PDF ingestion, personalized health insights, secure authentication, session tracking, and real-time UI using Streamlit and Supabase.
 - *Tech: Python, Streamlit, Groq API, Meta LLaMA (LLaMA-4 Maverick, LLaMA-3.3-70B, LLaMA-3.1-8B), Multi-Model Cascade Architecture, Agent-Based Systems, Supabase, Supabase Auth, PostgreSQL, PDFPlumber*
- **Resume Analysis App (RAG Pipeline)** –  GitHub Link
 - End-to-end app for resume parsing, vector DB, and similarity search.
 - *Tech: PyPDF2, NumPy, Pandas, FAISS, LangChain, Streamlit, HuggingFace*
- **Traffic Signs Recognition Web App** –  GitHub Link
 - CNN-based classifier with 95% accuracy + web interface.
 - *Tech: TensorFlow, Keras, OpenCV, Flask*
- **Facial Emotion Detection (CNN)** –  GitHub Link
 - Detects 7 emotions in real-time using FER-2013 dataset.
 - *Tech: TensorFlow, OpenCV, Haar Cascades*
- **Desktop Assistant** –  GitHub Link
 - Developed a voice-controlled desktop assistant to automate tasks.
 - *Python, Speech Recognition, TTS Library*

SKILLS

Languages: Python, Java, C++, JavaScript

Libraries/Frameworks: TensorFlow, Keras, Flask, Streamlit, Django, LangChain, LangGraph, OpenCV, HuggingFace, HTML, CSS, ReactJs, ExpressJs, NodeJs, SQL, Fast API

Tools: Git, VSCode, PyCharm, Jenkins

ACHIEVEMENTS

- Secured **5th place** in *IEEE Summer Of Code Hackathon 2025* (Open Source Contribution).

CERTIFICATIONS

- **Google AI/ML Virtual Internship** [Certificate Link]
- **Deolite Software Virtual Internship** [Certificate Link]
